

## RAY'S PUTTS

Thank you to Club Service Director, Rod Rimes, who gave a very concise summary of his working life in the Public Service, the legal profession and in between his many and varied community service roles.

Last week, our guest speaker, Murray Stone, delivered his presentation with genuine passion and in a most professional manner. Murray spoke of the wide number of areas in which research is being carried out and gave examples where research has resulted in positive outcomes for patients. We are so lucky that we have such places as the Kids Research Institute and the professionals that work within the Institute.

Last Tuesday I attended the Meriden Interact changeover together with Roger Vince and Rod McDougall The Teacher who has coordinated the Meriden Interact club, Karinne Bedingfield, over recent years is expecting a baby and will be leaving Meriden at the end of term. Her replacement will be Sharna Kerr who will join a long list of very talented Interact coordinators who have achieved so much with the girls at Meriden over the past 30 years.

The incoming Meriden Interact Committee is:

- President Anastasia Yule
- Vice President Anagha Bidkar
- Secretary Kristen Hantzis
- Treasurer Zoe Spanos

*President Ray*
